SECURE KEY

YOUR ACCESS TO E-SERVICES

You can access **E-Services** via the official website of Julius Baer:

www.juliusbaer.com

On the start page you will find a link to **E-Services Monaco** in the top-right which will direct you to the **E-Services** area.

The most important information about the login process via the Julius Baer Mobile App

Your access to E-Services requires the Julius Baer Mobile App. Here you will receive a *secure key* during login. As the second security level this *secure key* must be entered in addition to the user ID and your personal password every time you log in to **E-Services**.

Before the first login

Before you can begin logging in to **E-Services**, you need to activate your mobile device. This will enable you to receive the *secure key* in the Julius Baer Mobile App.

To activate your device, please consult the next two pages for a visual guide, while having the following information available:

1. Your E-Services User-ID (e. g. JXX000)
You have received this in the first welcome letter.
2. Your initial password.
You have received this in the first welcome letter. During device activation you will be prompted to set an own personal password.
3. Activation Code.
You have received this in the second welcome letter.
4. Your mobile device (iOS/Android).
The most recent version of the **Julius Baer Mobile App** must be installed.

Terms of use

1. AGREEMENT

By using this Julius Baer Mobile App and any of its functions and/or services (hereafter the "App"), you confirm that you have reviewed, understand and agree to the following important legal information and terms of use (the "Terms"). If you do not agree to the Terms, please exit and uninstall the App from your electronic device immediately.

These Terms will govern any updates provided by any member of the group of companies controlled by Julius Baer Group Ltd. (individually and together "Julius Baer") that replace and/or supplement the original App, unless such update is accompanied by a separate license in which case the terms of that license will govern.

The App is licensed, not sold, to you for use only under these Terms, unless the App is accompanied by a separate license agreement, in which case the terms of that separate license agreement will govern. Julius Baer reserves all rights not expressly granted to you.

The Terms are subject to change at any time and access to and use of the App may be restricted or terminated at any time.

In case of conflicts of these Terms with other terms of third parties, these Terms shall prevail.

If a part of these Terms is or becomes invalid or unenforceable, the remainder of these Terms shall remain unaffected and the invalid or unenforceable part shall be deleted.

☒ I confirm that I have understood and accepted the terms and conditions

2. ...to log in to **E-Services Mobile** via the Julius Baer Mobile App on your mobile device.

E-SERVICES / E-SERVICES MOBILE LOGIN

Login E-Services (Web Browser)

On the E-Services Page you will find a link which will direct you to the login page. Alternatively you can use the following URL:

<https://eservices-mc.juliusbaer.com>

- 1) Enter User-ID / Password and click submit.
- 2) Select your device from the pulldown menu to receive the secure key in the Julius Baer Mobile App.
- 3) Enter the secure key into the field and click submit.

Login E-Services Mobile (App)

After having activated your device:

1) Open Julius Baer Mobile App

2) Select E-Services Monaco

3) At this point the system requests a finger print or face for biometric authentication.

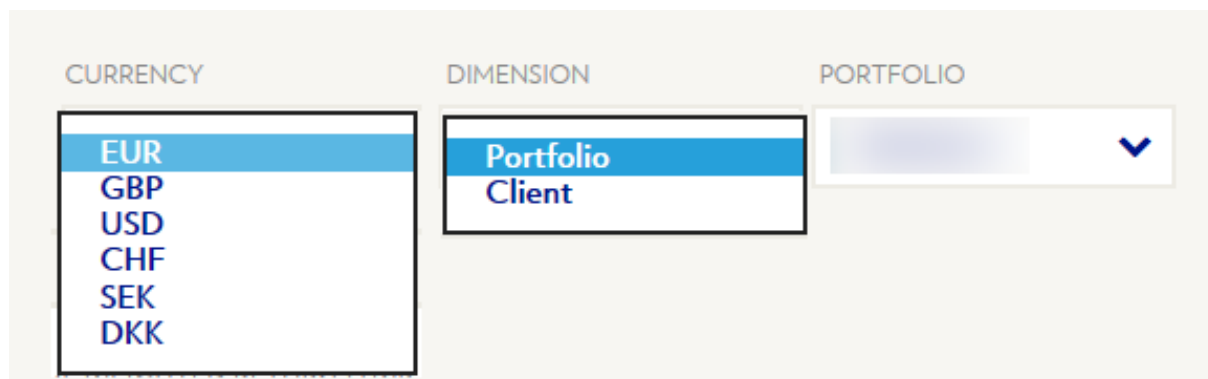

OR

If biometric authentication is not enabled or does not succeed:

Enter Password into the password field and click submit.

E-SERVICES COMMON FEATURES

Overview of identical control elements and menu items

Currency

Via the currency pull-down menu you can display your portfolio in 6 different currencies.

The following currencies are available:

- Euro (EUR)
- British Pounds (GBP)
- US Dollar (USD)
- Swiss Franks (CHF)
- Swedish Krona (SEK)
- Daenish Krone (DKK)

Dimension

- Using the dimension pull-down menu enables you to view E-Services from a 'portfolio' or 'client' perspective.
- The 'portfolio' perspective shows information based only on the sub-portfolio which is selected on the right.
- The 'client' perspective offers a consolidated view of all sub-portfolios of a given client account.

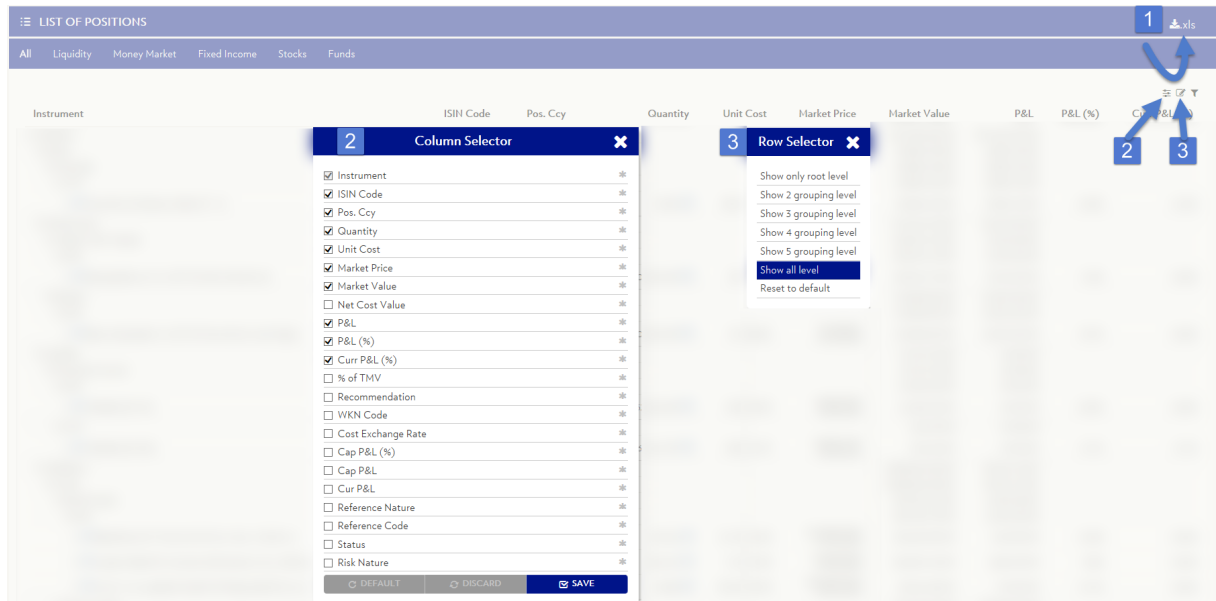

Portfolio/Client

- In the portfolio dimension you can choose between different sub-portfolios.
- In the client dimension you can choose between different portfolios to have a consolidated view.

E-SERVICES

COMMON FEATURES

Overview of identical control elements and menu items

Excel export (.xls)

This function allows you to export the respective table into an excel sheet for further computation.

Column Selector

- With the column selector you can decide which column types should be displayed for each table.
- The columns can be toggled on and off as well as ordered via drag-and-drop according to your preference.

Row selector

- The row selector enables you to choose how many levels should be expanded by default for each table.
- You can also expand each row by clicking the plus-symbol next to each category shown in the column named: 'Instrument'.

E-SERVICES

COMMON FEATURES

Overview of identical control elements and menu items

The footer-area on the bottom of your screen includes further functionalities to enhance your E-Service experience.

New Window

- The 'New Window' function allows you to open multiple instances of E- Services at the same time.

Excel

- This 'Excel' function allows you to export all tables which are visible on the page into one Excel file. Each table will have its own corresponding sheet.

Preferences

- Using the 'preferences' button you can switch the display language of E-Services. In addition to this you have the possibility to select your preferred start page.

The following languages are available:

- German
- English
- Spanish
- French
- Italian

Logout

The 'Logout' button closes your current E-Services session and sends you back to the login page.

E-Services Overview

- **Dashboard:** A current snapshot of your financial information.
- **Portfolio:** View account and portfolio data in detail.
- **Performance:** Portfolio performance within a self-defined time frame.
- **Activity:** A detailed view of your operation history.
- **Cash Flow:** Expected cash flow of your portfolios.
- **Contact:** A secure communication channel to your relationship manager.
- **E-Docs:** Access to important client documents. Function to generate a PDF Report for your portfolio.
- **Reporting:** Generate adhoc reports for any given time frame.

E-SERVICES DASHBOARD

An Overview

The dashboard shows the most important information about your portfolios with Julius Baer at a glance. You will find graphs which display your asset allocation, risk allocation, performance, cumulated performance and a list of active orders. Additionally you can generate a PDF report for your portfolio.

Additional function

The button on the top-right of each graph on the dashboard page takes you directly to the corresponding page for more detailed information.

The portfolio page includes the summary views and a list of positions.

The list of positions shows a detailed view of all your positions. These can be filtered by asset classes relevant to your portfolio.

 **Additional function** With the date function at the top, you have the possibility to view the state of your portfolio at any past point in time.

E-SERVICES

PERFORMANCE

Development of your portfolio

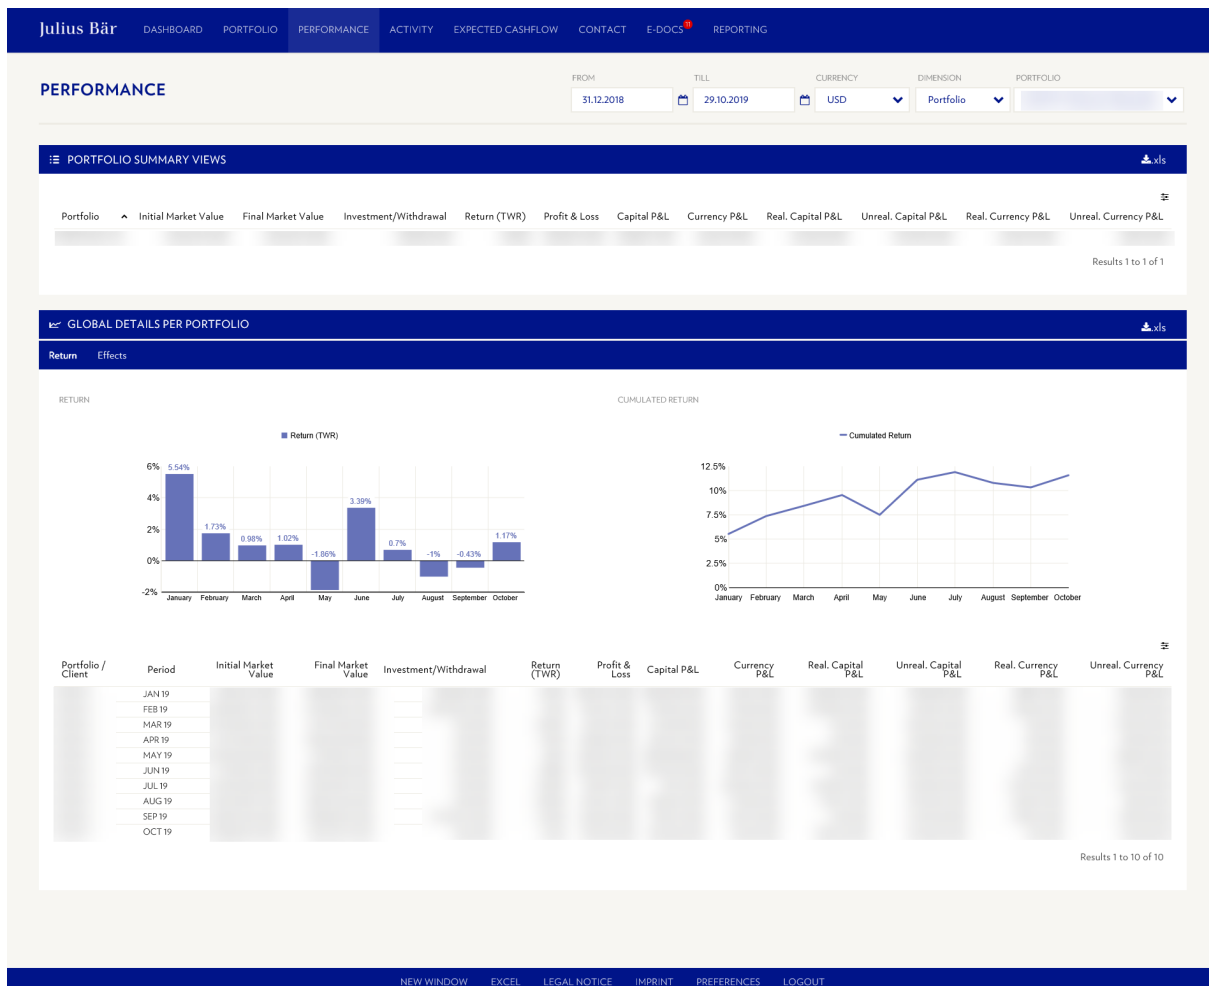

The performance page includes the portfolio summary views and global details per portfolio.

Summary Views

The summary view presents you with detailed information on your investments within the defined time frame.

Global Details

Global details presents you with a month-by-month view of detailed information on your investments within the defined time frame. Additionally you can switch between 'Return' and 'Effects' view.

Additional function

By clicking on the calendar at the top, you can change the time periods to see your performance within a specific time period.

E-SERVICES ACTIVITY

Operation history

The activity page includes the activity summary and activity details of transactions. Additionally an overview of all orders can be displayed in detail.

Transactions

Activity Summary

The activity summary presents you with consolidated information on your transactions within the defined time frame. You can view this by portfolio or by instrument.

Activity Details

All security transactions and cash movements are listed in detail within the defined time frame. You can filter them by the different asset classes in your portfolio. Additionally you can view your cash movements across different currencies.

Orders

List of orders and executions

Orders and executions which are active at the moment will be listed.

Accounted Records

A historical view of orders and executions within the defined timeframe.

CASH FLOW

Expected development

The cash flow page includes the cash summary view and the cash detailed view.

Cash Summary View

The cash summary view shows the expected cash flow for the next year.

Cash Detailed Views

The cash detailed views offer the possibility to project the development of cash flow onto the next three months, six months, nine months or one year from the starting date.

The screenshot displays the Julius Bär E-Services interface for the 'EXPECTED CASHFLOW' section. The top navigation bar includes links for DASHBOARD, PORTFOLIO, PERFORMANCE, ACTIVITY, EXPECTED CASH-FLOW (active), CONTACT, E-DOCS, and REPORTING. Below the navigation bar, the 'EXPECTED CASHFLOW' section features filters for FROM (29.10.2019), TILL (29.10.2020), CURRENCY (USD), DIMENSION (Portfolio), and PORTFOLIO. The main content area is divided into two sections: 'CASH FLOW SUMMARY' and 'DETAILED CASH FLOW'.

The 'CASH FLOW SUMMARY' section shows a table with columns for Portfolio, Start Date, One Week, One Month, Three Months, Six Months, Nine Months, and One Year. The table lists four portfolios: USD, EUR, GBP, and CHF. The 'DETAILED CASH FLOW' section shows a table with columns for Portfolio, Account, Value Date, Operation Type, Instrument, Quantity, Price, and Amount. The table lists one portfolio: USD.

The bottom navigation bar includes links for NEW WINDOW, EXCEL, LEGAL NOTICE, IMPRINT, PREFERENCES, and LOGOUT.

Additional function

By clicking on the calendar at the top, you can change the time periods to see your cash flow within a specific time period.

E-SERVICES CONTACT

A direct line to your relationship manager

The contact page enables you to communicate directly with your relationship managers.

Send message

You can send a direct message to your relationship manager. This message will be delivered to them via E-Mail.

Arrange a call

On this page you can arrange a call with your relationship manager by entering a reason, suggesting a date and time and including a short message.

Conversation

This new feature in Julius Baer E-Services gives you the opportunity to enable a chat functionality in accordance with your relationship managers.

This enhances the communication possibilities greatly and provides you with a direct line to your advisors.

The screenshot displays the 'CONTACT' page in the Julius Baer E-Services interface. The top navigation bar includes links for DASHBOARD, PORTFOLIO, PERFORMANCE, ACTIVITY, EXPECTED CASHFLOW, CONTACT (active), E-DOCS, and REPORTING. Below this, a sub-navigation bar shows 'SEND MESSAGE', 'ARRANGE A CALL', and 'CONVERSATION'. The main content area is titled 'CONTACT' and 'SEND MESSAGE'. It features a text input field labeled 'YOUR MESSAGE' and a 'SEND' button. To the right, there is a blurred profile picture of a person. At the bottom, a blue 'Important' banner states: 'For your security, stock market orders cannot be placed via this channel.' The footer contains links for NEW WINDOW, LEGAL NOTICE, IMPRINT, PREFERENCES, and LOGOUT.

Please note!

For security reasons, stock market orders cannot be placed via any of the communication possibilities within E-Services.

E-SERVICES

E-DOCS

Electronic mailbox for managing client correspondence

The E-Docs page includes an overview of all documents, a Personal Inbox for MiFID II relevant documents and also the possibility to generate PDF reports.

All Documents

- Here you will find all client correspondence within a chosen time frame. Additionally you can filter by document type and read status.
- Documents marked as '[Mandatory]' are tax relevant.
- When you as the account holder have opened or downloaded your document(s), they will be marked as 'Read'.

Personal Inbox

All documents which are MiFID II relevant can be found in your personal inbox.

These are i.e. documents which must be delivered to you prior to executing a trade orders or loss notifications.

Account holder and attorney

After logging in, you as the account holder automatically have 'full rights', while the attorney has 'limited rights'. The table below shows what this means in practice.

'Full rights' for account holders	'Limited rights' for account holders
<ul style="list-style-type: none">• You can view or print documents as PDFs, or download them (individually or as ZIP files).• The first time you click on an individual document or download a ZIP file, the system marks these documents as 'read'. Tax-relevant documents are considered to have been delivered once a date has been set.	<ul style="list-style-type: none">• You can view or print documents as PDFs, or download them (individually or as ZIP files).

Tax-relevant documents: please note that...

- ... an exclamation mark indicates the importance of tax-relevant documents (e. g. statements of income). If such documents are not marked as 'read' by the account holder by 30 April of the year in which they are made available, the documents are automatically sent to the postal address of the account holder on file with the Bank.
- a fee is charged in accordance with the price list (annual mailing of documents)

REPORTING

Generate adhoc reports

The reporting feature in E-Services allows you to generate ad hoc reports for any given time frame. It is possible to generate the report in 4 languages (English, French, German and Spanish).

Furthermore the report can be generated on portfolio level or client level (consolidated) by selecting the respective option in the dimension menu.

The screenshot displays the Julius Bär Reporting interface. The top navigation bar includes links for DASHBOARD, PORTFOLIO, PERFORMANCE, ACTIVITY, EXPECTED CASH-FLOW, CONTACT, E-DOCS, and REPORTING. The 'REPORTING' section is active, showing a 'New Portfolio Report Julius Beer' for the period from 31.12.2018 to 31.10.2019, in USD currency, with ISIN instrument codification. A message indicates that generating a report may take some time.

The report preview shows the 'PERFORMANCE' section for 'Julius Bär'. It includes a 'Performance summary' table and a 'Monthly and cumulative net performance (in %)' chart. The table lists various performance metrics in USD, and the chart shows the net return over time.

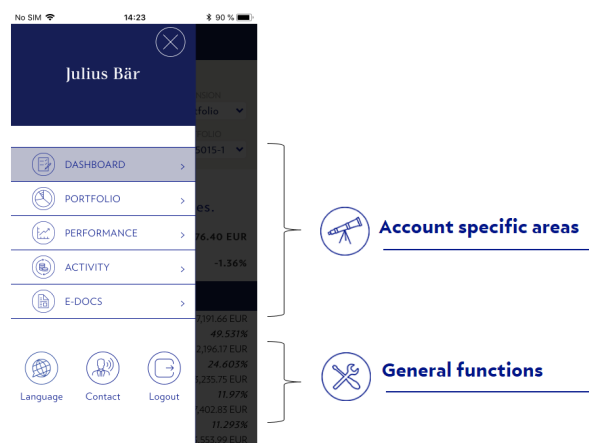

Metric	Value
Net Asset Value: beginning of period	
Investments	
Withdrawals	
Total Investment/Withdrawals	
Realised Capital Profit/Loss	
Realised Currency Profit/Loss	
Income	
Total Realised Profit/Loss	
Unrealised Capital Profit/Loss	
Unrealised Currency Profit/Loss	
Total Unrealised Profit/Loss	
Total Profit/Loss	
Management & Administration fees	
Taxes	
Total Fees and Taxes	
Net Asset Value: end of period	
Net return in % TWR	11.95%

The chart shows the monthly and cumulative net performance (in %) from January 2019 to October 2019. The y-axis ranges from -4 to 14. The x-axis shows the months: Jan-19, Feb-19, Mar-19, Apr-19, May-19, Jun-19, Jul-19, Aug-19, Sep-19, Oct-19. The cumulative performance line shows a steady increase, reaching approximately 12% by October 2019.

E-SERVICES MOBILE APP MAIN MENU OVERVIEW

E-SERVICES

SECURITY INSTRUCTIONS

Blocking your access – notes based on special conditions

If there is reason to fear that your identification code(s) is/are known to an unauthorised third party (e. g. Password), you must change the relevant identification code immediately. If this is not possible, please instruct the Bank to immediately block access to **E-Services**.

After several incorrect login attempts, your profile will be blocked. If you have any questions, please contact the E-Services Support.

Block

You can only request the Bank to block access during the Bank's regular business hours. At other times, you can instigate a block of E-Services yourself as described in the left-hand column.

The Bank is entitled to block your access to **E-Services** at any time without prior notice or providing any reasons.

Rules for securely using E-Services

- If possible, never log in to E-Services from an unknown computer (e.g. at an Internet café)
- Change your Password regularly, as described on page 4.
- Always exit the application via 'Logout'.

Phishing: what is it?

- 'Phishing' (derived from 'password fishing' refers to the use of the e-mail addresses of well-known companies and service providers to ask clients by e-mail for their access data or get them to click on a link directing them to a forged website. The personal information or access data they enter on the forged website are then forwarded to unauthorised third parties.

Do you have any questions? We will be delighted to help.

- You are very welcome to contact your relationship manager if you have any questions or suggestions, or experience technical problems using E-Services.

What you should know – keyword ‘phishing’

Bank Julius Baer (Monaco) S.A.M. will never ask you by e-mail, telephone or text message to reveal confidential data such as your account number, your user ID, your Password or your access code.

What you can do to keep your PC secure

To guarantee the maximum security, you can use the following security measures to protect your private data and documents from being viewed and misused by third parties:

- Always run the latest security updates recommended by your manufacturer.
- Use an anti-virus program that is regularly updated.
- Use a personal firewall to give your PC additional protection.
- Make sure that your storage media (e.g. DVDs, USB sticks) are free from viruses.
- When completing online forms, never use the ‘Form manager’ or ‘Auto fill’ functions of your browser, as the data entered there are saved on your PC and can be read by third parties.

IMPORTANT LEGAL INFORMATION

This brochure is published exclusively for clients of Bank Julius Baer (Monaco) S.A.M. and is intended for information purposes only.

We trust that you will understand that, in spite of a careful review, we cannot accept any liability for the completeness and accuracy of the contents and that some details may have changed since its publication.

The General Banking Conditions apply in all other respects.
