<sup>1</sup> During the phase-in period the amount of intangibles which has to be deducted directly from CET1 increases proportionally over time and the remaining amount of intangibles which is allowed to be deducted from additional tier 1 capital decreases respectively. As soon as the remaining amount of intangibles is lower than the additional tier 1 capital, the CET1 capital will be lower than the tier 1 capital as it is the case as at 31.12.2016
